

# **Environmental effects of Transport – MSc course**

Course requirements 2018/2019 spring semester

Subject Code: BMEKOKUM230  
Lectures(/week): 2 hours lectures and 1 hours practice  
Credit Points: 4  
Evaluation: semester mark  
Lecturer: Péter Mészáros Dr.Univ. Ass.Prof.  
Seminars: Domokos Esztergar Kiss PhD, Ass.Prof.

Attendance on classes:

According to the TVSz (study and examination rules/study-code)

Mid-terms:

- Mid-term – written test:  
14. education week  
scope: learning material discussed on the previous weeks  
improve or retry: 15. education week
- Assignment – semester paper:  
Assignment – submission deadline of word or pdf document: 14. education week

presentation of assignment, on 15. education week

Evaluation:

Mid-term: mark 1-5  
Assignment: mark 1-5

The mid-semester ‘signature’ (acknowledgement of fulfilment) is obtained if midterm is passed and the assignment is submitted and accepted. Extra fee according to TVSz is required in case of each later submission or retry of mid-term in the supplement week.

The final mark can be proposed/offered according to the obtained marks. The presentation of assignment is only possible, if word/pdf document and powerpoint file were submitted before deadline.

Budapest, February, 2019
